

BOISE RIGGING SUPPLY

Grablo™ ADVANTAGES

- Custom made to YOUR specifications
- Never more than 3 fittings on the top of the chain
- Built-in shortening pockets available for every leg
- Grade 100 for increased capacity – About 25 % more than Grade 80
- Reduced sling weight in most cases
- More flexibility for riggers
- Quicker inspections
- Distinctive colors to determine grade
- Fewer bearing points for reduced wear and increased sling life
